

Summit's Project Pros

Win More Bids, Save More Time

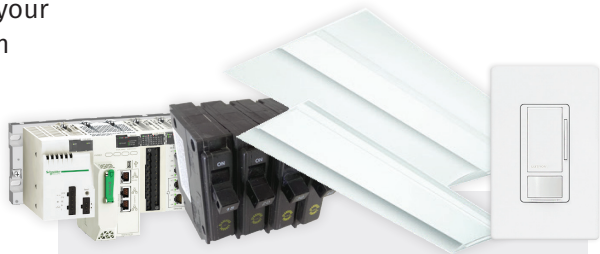

Project management services for the way you work

There's an experienced projects team available in Phoenix to meet all your lighting, gear, automation, and energy services needs. In 2019, our team quoted and managed projects ranging from \$10,000 to \$2,000,000+.

The Process is Simple:

- 1. Let us quote your bid** – Send us your bid documents (including eSheets and counts), and we'll personalize a quote just for you.
- 2. Win the business** – Let us know when you secure the contract, and we'll begin the submittal process and bill of material for final review.
- 3. Place material orders** – Our project management team will keep you updated on order shipping, tracking, and delivery information.
- 4. Stay in the know** – You'll receive a **live link** to the ship log for your project. The ship log is continuously updated, so you can access the latest information 24/7!

Use our decades of electrical industry experience to help you win your next bid. To get started, email phoenixquotes@summit.com.

Project Management Services:

-  **Save time**
-  **Save money**
